RINGVILLE, P. O.

MASS.

Aug. 23

My dear Clarke:

Thanks for yours of
July 2. The docs in the case
have also just come in. I
thank the visit and the
celebration were handled very
nicely. It makes one wonder
who will do the jubilee
performances of the Fiftieth
Anniversary. I would like to
be in it - but not if I have
to go through another Great
War to get there. It isn't
worth the price - and the
great Destroyers seem to get

away with most of the glory
and kudos of this life. The
Edisons get little relatively.

My own trip to England is
chiefly to visit graves made by
the war. I am less keen about
it than any I have made.
Europe has lost all its charms
for me. and I want to get
back soon for a lot of work
ahead - and to visit you at
Scheny this summer.

With best wishes for

1923

Very faithfully

Thomas
